

Grab Something Good: Food and Snacks at Starbucks®

September 2019

Starbucks offers a diverse menu of high quality food for breakfast, lunch and snacking. Our food menu is designed to reflect a range of choices from wholesome to indulgent, which allows customers to make nutritional choices that are right for them. To help guide our customers' decision making, the nutritional facts and ingredients for the majority of food and beverages served at Starbucks are available on starbucks.com, on menu boards in stores and in the Starbucks® mobile app.
