Our aspiration is to become resource positive, storing more carbon that we emit, eliminating waste and providing more clean, freshwater than we use.

**2030 PRELIMINARY TARGETS**

- **50% Reduction in carbon emissions**
- **50% Reduction in water used in global operations, packaging and agricultural supply chain through conservation or replenishment**
- **50% Reduction in waste sent to landfills**

---

**ENGAGEMENT**
Inspiring a culture of sustainability through everyday actions and community service.

**ENERGY EFFICIENCY**
Leverage energy-efficient technologies to reduce energy consumption.

**WASTE DIVERSION**
Reduce waste from product and packaging, and donate unsold food to local food banks.

**RENEWABLE ENERGY**
Support the growth of green energy to the grid, and source for stores and surrounding communities.

**SITE CRITERIA**
Choose locations that will best support sustainable design and operations.

**HEALTH & WELLNESS**
Practices designed to create a healthy in-store environment for our partners and customers.

**RESPONSIBLE MATERIALS**
Source responsible and sustainable materials and products for stores.

---

**2004**
Starbucks joins U.S. Green Building Council (USGBC)
